Madison Challenge Status...

Registrations are now at 769, an increase of 52 over last month's 717. Each registered Member has been encouraged to sign up at least one additional Member to come with them. It appears some Members are needing help in finding their one more Member, so, why don't we try and help by signing up a Member for them. When we reach 1,515 registrations, rally attendees can expect a partial Rally Fee refund. So let's try and give it our best!!!

The 30-Amp electrical service deadline is April 1. Applications after April 1 will be placed on a Standby List in event a 30-Amp spot becomes available. If you are on the Standby List and a spot does not come open for your 30-Amp Electric service, you will receive a full refund of your 30-Amp Electric deposit.

The 3-Amp Electrical service provides only enough power to keep your batteries charged and possibly run a small fan or TV. It will not support a coffee pot, refrigerator, or other appliances.

MEMBER IDEAS to EVALUATE...

Parking on Sunday? With the 2009 Madison Rally starting on Sunday, June 28, the Parking Committee will be implementing this idea Sunday, June 28. Parking will be from 1 - 4 pm after the Church Services and Lunch. This will assist those arriving at the last minute to get parked and be ready to participate in the Opening Ceremonies that night. Please note, as of this date we do not have sufficient numbers of Parkers to park on the prior two Sundays, June 14 and June 21.

Another challenging and interesting question prompted the development of the next page's diagram showing how changes are made to our Constitution and By-Laws. You will need to read the 3 reference Notes and follow the diagram's process.

The current summary/progress status of the 54 recommendations provided by the 2020 Long Range Planning Committee is on page 3 of this report.
